TECHNICAL SKILLS

- HTML5, CSS3, JavaScript, JQuery, Bootstrap, Java, PHP, MySQL, Wordpress, Angular.js

EXPERIENCE

California State Polytechnic University, Pomona

Aug 2015 – Dec 2016

CIS Student Assistant, Web Developer

- Designed the front-end for cyberfed.org, a website dedicated to cyber security competitions, utilizing HTML5, CSS3, JavaScript, and PHP
- Established various websites requested by numerous clients through the Computer Information Systems department
- Contributed to cyber security competitions growth and participation at my university

AC Air Technology

June 2016 – Sep 2016

Web Developer/Web Designer Intern

- Enhanced web development skills in both front-end (HTML5, CSS3, JavaScript) and back-end (MySQL, MSSQL) by creating an internal search database for warehouse parts and inventory
- Improved web design skills using Photoshop, Dreamweaver and Adobe Illustrator by creating a flyer and brochure

PROJECTS

Facebook CTF Study Resource Website

Sep 2016 – Dec 2016

- Developed the front-end of a website (HTML5, CSS3, JavaScript) that allowed students to submit and answer questions to practice for Capture the Flag (CTF), a cyber security competition by Facebook
- Presented biweekly reports to client and participated in weekly online meetings to discuss progress

CIS 466 - Senior Project

Sep 2016 – Dec 2016

- Challenges student to complete a 10-week project with a client that includes a technical problem, project management, teamwork and creativity
- Assisted in the front-end (HTML5, CSS3, JavaScript) of a website for Cal Poly Pomona's student-run data center

Snapshot Stories

April 2015 – June 2015

- Participated in a team to create a website for a client who wanted to showcase a collection of stories —like Humans of New York
- Lead the development team to create the website on Weebly, making final decisions and designs

LEADERSHIP

Cal Poly Pomona Game Design & Development Club

Oct 2014 – June 2016

Fundraising Executive

- Determine fundraising goals and manage events to meet said goals
- Reach out to companies such as Cha for Tea for fundraising opportunities and establish interpersonal relationships
- Raised about 15% of club budget within a day during a social bowling event

EDUCATION

California State Polytechnic University, Pomona

Dec 2016

Bachelor of Science, Business Administration - Computer Information Systems (GPA: 3.4)

Key Courses: Interactive Web Development, Advanced Java Programming for Business, Secure Web Applications
