Thuy-Tien Nguyen-Tran

4800 Bayview Ave Apt B, Richmond, CA 94804 | (408) 890-9704 | tweenguyentran@gmail.com | thuytien.me

Education

B.S. COMPUTER INFORMATION SYSTEMS | DECEMBER 2016 | CAL POLY POMONA

Skills & Abilities

Front-end Development: HTML5/CSS3/Javascript, JQuery, React.js, Redux, D3.js, SASS, Bootstrap **Back-end Development:** PHP, Java, MySQL; **Other:** Github, Jira, WordPress, Google Analytics

Experience

WEB DEVELOPER | EVANS DATA CORPORATION | JANUARY 2018 – DECEMBER 2018

· As a sole web developer, was responsible for the design and the implementation of the DevMetric website redesign, which allows developers to rate and review developer tools, resulting in decreasing the bounce rate from 90% to 15%
· Refactored legacy front-end code using jQuery and Bootstrap 4 resulting in a 20% increase in load time performance
· Spearheaded the redesign initiative by setting up daily meetings with the marketing team and presentations to the leadership
· Took the initiative and fixed a high priority issue where currencies were displayed incorrectly and fixed it using the CurrencyLayer API, preventing users from losing their redeemed dollars and relieving the support team

COMMMUNITY MANAGER/STREAMER EVANGELIST | BOOM TV | OCTOBER 2016 – APRIL 2017

· Came up with an idea and spearheaded the project by providing over 150 hours of product testing and feedback to the engineering team in Vietnam, resulting in becoming the products main feature used by over 100 active daily users
· Creator and previous owner of Boom.tv's discord server, providing support for 75+ members through instant messages and voice chat
· Processed support tickets through Jira for tracking issues and delegating tasks to other team members
· Managed Boom TV's social media, such as Facebook and Twitter, to create innovative daily posts in spreading awareness of company's product/brand, gathering over 300 followers

Projects

THUYTIEN.ME (THUYTIEN.ME) | OCTOBER 2015 – PRESENT

· Created a personal website from scratch on GitHub to serve as a portfolio to showcase past projects and accomplishments
· Making constant updates to practice and keep up with modern website tools/designs
· Strengthened front-end development skills and frameworks in HTML5, CSS3, JavaScript

Leadership

TREASURER | CAL POLY POMONA ESPORTS CLUB | JUNE 2015 – DECEMBER 2016
FUNDRAISING EXECUTIVE | CAL POLY POMONA GAME DESIGN & DEVELOPMENT CLUB | OCTOBER 2014 – JUNE 2016
